

Director of Family Services

About The Agency

Jewish Family and Child Service is a multi-service, client-centered, family service agency and a Children's Aid Society. We support the healthy development of individuals, children, families, and communities through prevention, protection, counselling, and education and advocacy services, within the context of Jewish values.

About the Role

We are seeking a **Director of Family Services** who will be responsible for providing strategic leadership in the planning, evaluation and delivery of family services within the Agency's program outcome areas; increasing Safety & Security, Improving Mental Health & Wellness, and Reducing the Effects of Poverty. This is a senior management position that works in collaboration with child welfare and all other Agency departments to ensure enhanced and integrated services across the Agency.

The Director of Family Services will be responsible for planning, directing, managing, and delivering the Agency's client services from intake, through to case management in various program areas such as intake, counselling, domestic violence, mental health, poverty reduction, hospice, etc. The incumbent will establish strong goals within their service area that inspires others, provide coaching and mentoring to staff in developing leadership, and will establish clear long-term outcomes for service.

Responsibilities:

- As a member of the Senior Management Team, the Director leads the organization to turn strategy into results and positive and equitable outcomes for communities, families, individuals, children, and youth.
- Operationalize the vision and strategy to create and implement clear outcome expectations across services.
- Create family services strategies that include priorities to support equity and inclusion according to the Agency's mission, vision, and values.
- Provide leadership in the Agency visioning, planning, excellence, and quality improvement to ensure the Agency's service outcomes are realized.
- Utilize Agency data and stakeholder feedback to inform outcomes in collaboration with the Senior Management Team.
- Work collaboratively with all levels of the organization and the community to create innovative changes to support better outcomes for children, individuals, youth, and families.
- Oversee the management and delivery of family services ensuring service excellence from intake through to case management and quality assurance
- Through the Family Service Managers (FSMs) ensure that services are coordinated, integrated, and managed to best support clients through a client-centered approach
- Maintain accreditation and other relevant standards
- Support, develop and ensure that clinical and therapeutic programs and services are ethical, evidence informed and meet the highest standards of practice
- Provide clinical consultation and support to Agency Intake, client service and to the case management of complex/high risk clients and circumstances
- Oversee the development of client information management systems, ensuring the integrity of data, that reports and analyses are available and outcome measures are tracked
- Assess effectiveness of systems and processes and make improvements through program review, evaluation, research and feedback on outcome measures to enhance quality.
