

Peel Children's Aid is a progressive child welfare agency serving children and their families throughout the diverse communities of the region of Peel.

At Peel CAS, our mission is to protect children and strengthen families & communities through partnership. We are currently seeking the following professional to join our team:

System Support Technician

(10 Month Secondment)

Provides direct operational and technical support to users of the Society's office automation system including hardware maintenance and minor repair, software installations, user training and support for software, personal computers and computer peripherals and local/wide area network administration and operations. It also provides technical support to internal customers via telephone, e-mail, in person, and through a web based ticketing solution.

PRINCIPLE RESPONSIBILITIES

1. Ensures that the Society's inventory of laptops, desktops, mobile devices and peripheral equipment is maintained.
2. Maintain, administer, and upgrade the agency's workstation based hardware and software systems.
3. Create and deploy Windows images for desktops and laptops leveraging hardware and software deployment tools.
4. Provide first level support for technologies implemented at the agency. This includes solutions like Phone System, Office 365, Domain, SharePoint, Collaborating tools, Desktop Computing Security, Print Management, Data Projectors, Remote Access, Network Access and other Peel CAS enterprise solutions.
5. Provide first level support for Child Protection Information Network (CPIN) Application.
6. Provide support and actively participate in IT processes related to Staff orientation, onboarding, off boarding etc.
7. Maintain the helpdesk ticketing and asset management systems.
8. Provide support for Building Security and Access Card systems.
9. Responsible for technical documentation and knowledge transfer. Provide training to the team as needed
10. Act as backup for other IT staff and assist in supporting the IT infrastructure as required.

QUALIFICATIONS

- Diploma in computer operations and technical support from a community college or private learning institution or equivalent educational qualifications.
- At least 1 year of IT helpdesk support experience.
